Dear Bro.

Roxbury Camp Jany 15 1775

I take the opportunities by Mr Phelps — of letting you know that I am still alive — I wrote you by last post, desiring that you would send me My French Dictionary & Grammar, with my Shirts & some stockings — which I am much in want of

This Day the Britains leave us, or they have indeed been asked to stay another fortnight, & about one half I believe will accept the Invitation — It may perhaps be agreeable to you to know how many men we have in Genl Spencers Brigade — I have enclos'd a general Return of their Numbers We are indeed weak, but I hope by the last of the Month to see the regiments nearly full — Pray inform me in your next, of the works at N. London, in what State are they? at what parts of the harbour are they built? how many Cannon do they Mount? &c &c — If if you please, let me know how the Privateers go on, — will the new ones be ready to sail soon? —

With proper Compliments to Yr & all Friends & Duty to our Parents I am

Your's
